

## **Arc'teryx Equipment Inc.**

*A leading designer and manufacturer of innovative high-end technical outdoor equipment and clothing*

---

### **Fit Model – Casual – North Vancouver, BC, Canada**

Arc'teryx is an energetic and exceptionally innovative company, with over 400 employees. Our ongoing success stems from an uncompromising passion to continuously challenge, and radically improve, the status quo. At the foundation of our organization is a dynamic team of exceptionally talented, fun, and active people.

Our modern head office is located on Vancouver's picturesque North Shore, near the Second Narrows Bridge. We promote a casual and fun work environment that supports and encourages work-life balance. We also have plenty of parking, a bike room, indoor staff bouldering gym, frequent summer BBQs and other events, as well as a great employee discount.

We are looking for an athletic, female outdoor enthusiast who fits a market size “medium”. The individual will work closely with the design/development team to model new products. They will help ensure the product fits properly, and is suitable for its intended end use, by providing feedback on fit, comfort and movement during the fitting. The role involves frequent clothing changes and standing for extended periods. Must be willing to model all types of apparel including tanks and foundation wear. The fit model will fit the following measurements:

#### **Women's Measurement Requirements:**

- Bust: 37"
- Waist: 29"
- Hips: 40"
- Height: 5'5" – 5'9"
- Athletic built

#### **Ideally you will have:**

- Good attitude/disposition
- Some knowledge of Arc'teryx product or outdoor equipment and outerwear
- Participation or an interest in activities that utilize our products

## ***Arc'teryx Equipment Inc.***
